The nomination committee has furthermore proposed re-election of the registered public accounting firm PricewaterhouseCoopers AB for the period until the end of the next annual general meeting. PricewaterhouseCoopers AB has informed that Eva Carlsvi will continue as auditor in charge.

Resolution on the remuneration to the chairman of the board of directors, the other directors, and to the auditor (item 13 on the agenda)

The nomination committee proposes that the chairman of the board of directors shall receive SEK 535,000 (previously SEK 500,000) and the other directors appointed by the meeting SEK 285,000 (previously SEK 265,000) each. In addition, the chairman of the remuneration committee shall receive SEK 60,000 (previously SEK 55,000) and the other members of the remuneration committee SEK 27,500 (previously SEK 25,000) each, and the chairman of the audit committee shall receive SEK 115,000 (previously SEK 107,000) and the other members of the audit committee SEK 54,000 (previously SEK 50,000) each. The nomination committee has further proposed that fair remuneration to the auditor is to be paid as charged.

Proposal regarding the nomination committee (item 17 on the agenda)

The nomination committee proposes that the representatives of the nomination committee shall be appointed through a procedure where the chairman of the board of directors contacts the three largest shareholders in terms of votes as per 30 September 2015 and that each such shareholder appoints a representative to, together with the chairman of the board of directors, constitute the nomination committee up until the next annual general meeting, or, if applicable, up until a new nomination committee has been appointed. The nomination committee shall be convened no later than 31 October 2015. If any of the three largest shareholders, in terms of votes, renounces from its right to appoint a representative, the right shall pass to the largest shareholder in turn. Should a representative resign from the nomination committee before its work is completed, a substitute shall be appointed by the same shareholder that has appointed the resigning representative, if considered necessary, or, if this shareholder does not belong to the three largest shareholders in terms of votes anymore, by the new shareholder that belongs to this group. The nomination committee shall appoint one of its members as chairman. The composition of the nomination committee shall be made public as soon as the nomination committee has been formed and no later than six months before the annual general meeting. In the event that the ownership structure is changed after the nomination committee has been composed such that one or several shareholders that have appointed a representative to the nomination committee is no longer in the group of the three largest shareholders in terms of votes, the composition of the nomination committee may be changed in accordance therewith if the nomination committee considers that it is necessary. The tasks of the nomination committee shall be to prepare, for the next annual general meeting, proposals in respect of number of members of the board of directors to be elected by the annual general meeting, remuneration to the members of the board of directors and the auditors, remuneration, if any, for committee work, the composition of the board of directors, the chairman of the board of directors, resolution regarding the nomination committee, chairman at the meeting and election of auditors.

The nomination committee's reasoned opinion in respect of the proposal regarding board of directors

Considering the company's operations, stage of development and other relevant circumstances, the nomination committee has discussed the size of the board of directors and its composition in respect of industry experience, competence and international experience. As a basis for its work, the nomination committee has, inter alia, used an external evaluation of the board of directors and its work.

The nomination committee has noted that the evaluation of the board of directors of Duni, as well as the nomination committee's own assessment, indicate that the board of directors is well-functioning. The nomination committee has previously assessed that the relatively limited size of the board of directors encourages efficiency at board meetings and active commitment.

The nomination committee strives for equal gender distribution. The proposed directors comprise two women and three men (equivalent to 40 percent and 60 percent, respectively). As per 2 January 2015, the percentage of women on all Swedish listed company boards amounted to 25.6 percent.

In April 2014, the Swedish Corporate Governance Board published certain aspiration levels concerning gender distribution in the boards of listed companies, namely at least 40 percent of each gender after General Meetings held in 2020 and at least 35 percent of each gender in major companies after the General Meetings in 2017. Accordingly, Duni fulfills the aspiration level for 2020 of the Swedish Corporate Governance Board.

In addition, the nomination committee has assessed the independence of the directors. The nomination committee believes that its proposal regarding the composition of the board of directors fulfills the requirements for independence as stipulated in the Code. It is the opinion of the nomination committee that Anders Bülow, in his capacity as representative of the main shareholder Mellby Gård Investering AB, is to be regarded as dependent in relation to major shareholders. Other proposed directors, are to be regarded as independent in relation to the company and executive management as well as to major shareholders.

The nomination committee makes the overall assessment that the proposed board of directors meets the demands well that will be imposed on the board of directors in the future as a consequence of Duni's situation and future direction.

THE PROPOSAL BY THE BOARD OF DIRECTORS OF DUNI AB REGARDING RESOLUTION ON DISPOSITION OF THE COMPANY'S PROFITS AND THE REASONED STATEMENT IN ACCORDANCE WITH CHAPTER 18 SECTION 4 OF THE SWEDISH COMPANIES ACT (ITEM 10 B ON THE AGENDA)

The proposal by the board of directors on a dividend:

The board of directors proposes that the profit, according to the adopted balance sheet for 2014, shall be disposed so that SEK 211,495,644 is distributed to the shareholders and that the remaining unappropriated earnings amounting to SEK 1,596,554,408 are carried forward.

The board of directors proposes that the following will apply for the dividend:

- SEK 4.50 shall be distributed per share,
- 7 May 2015 is record date for the dividend, and
- payment of the dividend is estimated to be made on 12 May 2015.

The board of directors' reasoned statement according to Chapter 18 Section 4 of the Swedish Companies Act:

The board of directors makes the following reasoned statement according to Chapter 18 Section 4 of the Swedish Companies Act (2005:551):

The company's and the group's position is good, which is demonstrated by the interim report for 2014 and by the audited annual report that has been submitted by the board of directors. There will be sufficient coverage for the company's restricted equity after distribution of the proposed dividend. Based on the profits after tax for 2014, the proposed dividend is more than well in line with the company's dividend policy.

The proposed dividend amounts to 11.2 % of the company's shareholders' equity and 9.6 % of the consolidated shareholders' equity. The group generates good cash-flows and the board of directors assesses that Duni has a strong balance sheet. After the distribution of the dividend, the company's and the group's equity/asset ratios are approximately 51.1 % and 45.8 %, respectively. The equity/assets ratio and liquidity will also after the proposed dividend, be satisfactory considering the line of business in which the company and the group operate, and the company and the group are expected to be able to fulfill its respective obligations in the short and long term and carry out planned investments.

Shareholders' equity would have been unchanged if financial instruments valued at fair value pursuant to Chapter 4, section 14 a of the Swedish Annual Accounts Act, instead had been valued on the basis of the lower of cost or market value principle (*Sw. lägsta värdets princip*).

With reference to the foregoing, the board of directors assess that the dividend is justifiable considering;

1. the requirements that the nature, scope and risks of the operations (of the group as well as of the company) impose on the size of the equity, and
2. the company's and the group's consolidation requirements, liquidity and position in general.

The board of directors proposes that the general meeting authorizes the board of directors, until the next annual general meeting, on one or several occasions, to resolve on issues of shares, warrants and/or convertibles. THE BOARD OF DIRECTOR'S REPORT ON THE REMUNERATION COMMITTEE'S EVALUATION OF REMUNERATION TO SENIOR EXECUTIVES

The board of directors has established a Remuneration Committee which prepares the board of director's decisions on matters concerning remuneration principles, remuneration, and other employment terms for group management and the CEO. Guidelines for remuneration to senior executives are presented to the board of directors, which submits proposals on such guidelines to the annual general meeting for approval.

During the year, the Remuneration Committee is also entrusted with the task of monitoring and evaluating variable remuneration programs for group management, the application of the guidelines adopted by the annual general meeting, as well as applicable remuneration structures and remuneration levels in the company. Pursuant to the section 10.3 of the Swedish Corporate Governance Code, the board of directors hereby gives the following report on the results of the Remuneration Committee's evaluation.

The Remuneration Committee is of the opinion that Duni is complying with the guidelines for remuneration to senior executives as adopted at the annual general meeting 2014. The guidelines function well and serve their purpose of promoting the long-term creation of value in the company. The variable remuneration is linked to the individual's responsibility for results as well as the group's profitability targets, a factor which contributes to an increase in value for the company's shareholders.

Market surveys are carried out regularly with respect to applicable salary statistics, remuneration structures, and levels for variable remuneration. The Remuneration Committee considers Duni's remuneration structures and remuneration levels to be on market terms.
