The Nomination Committee proposes Magnus Yngen, the Chairman of the board of directors, as Chairman of the Annual General Meeting.

Resolution on the number of directors, election of directors and Chairman of the board of directors and auditor (item 12 and 14 on the agenda)

The Nomination Committee proposes, in accordance with the Audit Committee's recommendation below, re-election of the registered public accounting firm PricewaterhouseCoopers AB for the period until the end of the next Annual General Meeting. PricewaterhouseCoopers AB has informed that Eva Carlsvi will continue as auditor in charge.

The Audit Committee has in its recommendation listed three options regarding the election of auditor, PricewaterhouseCoopers AB ("PwC"), Ernst & Young AB and Deloitte AB. As its first recommendation, the Audit Committee recommends re-election of PwC for a mandate period of one year. The recommendation of the Audit Committee is based on the tender submitted by PwC, which has defined a balanced scope of the audit based on the varying size and operations of the group companies and has offered the most comprehensive audit in relation to the number of group companies compared with other tenders submitted, and also a fee which in relation to the work is competitive.

Resolution on the remuneration to the Chairman of the board of directors, the other directors, and to the auditor (item 13 on the agenda)

The Nomination Committee proposes that the Chairman of the board of directors shall receive SEK 562,000 (previously SEK 535,000) and the other directors appointed by the meeting SEK 300,000 (previously SEK 285,000) each. In addition, the Chairman of the Remuneration Committee shall receive SEK 63,000 (previously SEK 60,000) and the other members of the Remuneration Committee SEK 29,000 (previously SEK 27,500) each, and the Chairman of the Audit Committee shall receive SEK 121,000 (previously SEK 115,000) and the other members of the Audit Committee SEK 57,000 (previously SEK 54,000) each. The Nomination Committee has further proposed that fair remuneration to the auditor is to be paid as charged.

Proposal regarding the Nomination Committee (item 17 on the agenda)

The Nomination Committee proposes that the representatives of the Nomination Committee shall be appointed through a procedure where the Chairman of the board of directors contacts the three largest shareholders in terms of votes as per 30 September 2017 and that each such shareholder appoints a representative to, together with the Chairman of the board of directors, constitute the Nomination Committee up until the next Annual General Meeting, or, if applicable, up until a new Nomination Committee has been appointed. The Nomination Committee shall be convened no later than 31 October 2017. If any of the three largest shareholders, in terms of votes, renounces from its right to appoint a representative, the right shall pass to the largest shareholder in turn. Should a representative resign from the Nomination Committee before its work is completed, a substitute shall be appointed by the same shareholder that has appointed the resigning representative, if considered necessary, or, if this shareholder does not belong to the three largest shareholders in terms of votes anymore, by the new shareholder that belongs to this group. The Nomination Committee shall appoint one of its members as Chairman. The composition of the Nomination Committee shall be made public as soon as the Nomination Committee has been formed and no later than six months before the Annual General Meeting. In the event that the ownership structure is changed after the Nomination Committee has been composed such that one or several shareholders that have appointed a representative to the Nomination Committee is no longer in the group of the three largest shareholders in terms of votes, the composition of the Nomination Committee may be changed in accordance therewith if the Nomination Committee considers that it is necessary. The tasks of the Nomination Committee shall be to prepare, for the next Annual General Meeting, proposals in respect of number of members of the board of directors to be elected by the Annual General Meeting, remuneration to the members of the board of directors and the auditors, remuneration, if any, for committee work, the composition of the board of directors, the Chairman of the board of directors, resolution regarding the Nomination Committee, Chairman at the meeting and election of auditors.

The Nomination Committee's reasoned opinion in respect of the proposal regarding board of directors

Considering the company's operations, stage of development and other relevant circumstances, the Nomination Committee has discussed the size of the board of directors and its composition in respect of industry experience, competence and international experience. As a basis for its work, the Nomination Committee has, inter alia, used an external evaluation of the board of directors and its work.

The Nomination Committee has noted that the evaluation of the board of directors of Duni, as well as the Nomination Committee's own assessment, indicate that the board of directors is well-functioning. The Nomination Committee has previously assessed that the relatively limited size of the board of directors encourages efficiency at board meetings and active commitment.

As diversity policy, the Nomination Committee has applied Section 4.1 in the Swedish Corporate Governance Code whereby the board is to have a composition appropriate to the company's operations, phase of development and other relevant circumstances. The board members elected by the shareholders' meeting are collectively to exhibit diversity and breadth of qualifications, experience and background and the company is to strive for gender balance on the board.

The proposed directors comprise two women and three men (equivalent to 40 per cent and 60 per cent, respectively). As per 31 December 2015, the percentage of women on all Swedish listed company boards amounted to 28.9 per cent. In April 2014, the Swedish Corporate Governance Board published certain aspiration levels concerning gender distribution in the boards of listed companies, namely at least 40 per cent of each gender after general meetings held in 2020 and at least 35 per cent of each gender in major companies after the general meetings in 2017. Accordingly, Duni fulfills the aspiration level for 2020 of the Swedish Corporate Governance Board. The question of equal gender distribution should be given particular attention in connection with new election of board members. However, the Nomination Committee makes the assessment continuity in the Board's work is of great importance for Duni. In view of this, the Nomination Committee has proposed re-election of all board members and re-election of Magnus Yngen as the Chairman of the Board.

In addition, the Nomination Committee has assessed the independence of the directors. The Nomination Committee believes that its proposal regarding the composition of the board of directors fulfills the requirements for independence as stipulated in the Swedish Corporate Governance Code. It is the opinion of the Nomination Committee that Johan Andersson, in his capacity as representative of the main shareholder Mellby Gård Investering AB, is to be regarded as dependent in relation to major shareholders.

Other proposed directors, are to be regarded as independent in relation to the company and executive management as well as to major shareholders.

The Nomination Committee makes the overall assessment that the proposed board of directors meets the demands well that will be imposed on the board of directors in the future as a consequence of Duni's situation and future direction.

THE PROPOSAL BY THE BOARD OF DIRECTORS OF DUNI AB REGARDING RESOLUTION ON DISPOSITION OF THE COMPANY'S PROFITS AND THE REASONED STATEMENT IN ACCORDANCE WITH CHAPTER 18 SECTION 4 OF THE SWEDISH COMPANIES ACT (ITEM 10 B ON THE AGENDA)

The proposal by the board of directors on a dividend:

The board of directors proposes that the profit, according to the adopted balance sheet for 2016, shall be disposed so that SEK 234,995,160 is distributed to the shareholders and that the remaining unappropriated earnings amounting to SEK 1,426,286,616 are carried forward.

The board of directors proposes that the following will apply for the dividend:

- SEK 5.00 shall be distributed per share,
- 5 May 2017 is record date for the dividend, and
- payment of the dividend is estimated to be made on 10 May 2017.

The board of directors' reasoned statement according to Chapter 18 Section 4 of the Swedish Companies Act:

The board of directors makes the following reasoned statement according to Chapter 18 Section 4 of the Swedish Companies Act (2005:551):

The company's and the group's position is good, which is demonstrated by the Interim Report for 2016 and by the audited Annual Report that has been submitted by the board of directors. There will be sufficient coverage for the company's restricted equity after distribution of the proposed dividend. Based on the profits after tax for 2016, the proposed dividend is more than well in line with the company's dividend policy.

The proposed dividend amounts to 13.5% of the company's shareholders' equity and 9.5% of the consolidated shareholders' equity. The group generates good cash-flows and the board of directors assesses that Duni has a strong balance sheet. After the distribution of the dividend, the company's and the group's equity/asset ratios are approximately 54.9% and 52.9%, respectively. The equity/assets ratio and liquidity will also after the proposed dividend, be satisfactory considering the line of business in which the company and the group operate, and the company and the group are expected to be able to fulfill its respective obligations in the short and long term and carry out planned investments.

Shareholders' equity would have been SEK 1,000,000 lower if financial instruments valued at fair value pursuant to Chapter 4, section 14 a of the Swedish Annual Accounts

Act, instead had been valued on the basis of the lower of cost or market value principle (*Sw. lägsta värdets princip*).

With reference to the foregoing, the board of directors assess that the dividend is justifiable considering;

1. the requirements that the nature, scope and risks of the operations (of the group as well as of the company) impose on the size of the equity, and
2. the company's and the group's consolidation requirements, liquidity and position in general.

THE BOARD OF DIRECTOR'S REPORT ON THE REMUNERATION COMMITTEE'S EVALUATION OF REMUNERATION TO SENIOR EXECUTIVES

The board of directors has established a Remuneration Committee which prepares the board of director's decisions on matters concerning remuneration principles, remuneration, and other employment terms for group management and the CEO. Guidelines for remuneration to senior executives are presented to the board of directors, which submits proposals on such guidelines to the Annual General Meeting for approval.

During the year, the Remuneration Committee is also entrusted with the task of monitoring and evaluating variable remuneration programs for group management, the application of the guidelines adopted by the Annual General Meeting, as well as applicable remuneration structures and remuneration levels in the company. Pursuant to the section 10.3 of the Swedish Corporate Governance Code, the board of directors hereby gives the following report on the results of the Remuneration Committee's evaluation.

The Remuneration Committee is of the opinion that Duni is complying with the guidelines for remuneration to senior executives as adopted at the Annual General Meeting 2016. The guidelines function well and serve their purpose of promoting the long-term creation of value in the company. The variable remuneration is linked to the individual's responsibility for results as well as the group's profitability targets, a factor which contributes to an increase in value for the company's shareholders.

Market surveys are carried out regularly with respect to applicable salary statistics, remuneration structures, and levels for variable remuneration. The Remuneration Committee considers Duni's remuneration structures and remuneration levels to be on market terms.
